THE EXPERIENCE

THREE FULL DAYS OF GUIDED EXPLORATION

DAY 1

RECEIVING / REMEMBERING

Arrive in the body. Cultivate safety, boundaries, consent and nervous-system awareness. Explore receiving attention and learning to communicate your desires and limits.

DAY 2

GIVING / KNOWING

Presence, attunement and energetic awareness. Sacred touch principles, reading verbal and nonverbal feedback, giving without performing. Facilitated practice and reflection.

DAY 3

BECOMING / EXPANSION

Integrate the pieces into your own authentic way of holding intimate space. Experience all roles — giver, receiver and witness — through guided rotations, with feedback and integration.
